Action of the Commissioner of Registration in the Matter--- important to Candidates. Why Major John P. Strange is a Candidate-Why the People Adhere to Him.

We understand that Mr. Shock, Commissioner of Registration, after consulting with his attorneys, has decided to hold an election this month for magistrates and constables in districts where vacancies exist. He has also decided to be the first sheet this sheet exist. He has also decided to the friend Clarion.

Jacob Thompson, of this State, has removed to Memphis, and will make that the sheet table is supplied, and while it the table is supplied. Surely the people of Shelby county have orne enough of taxation. We have been orne enough of taxation. We have been obbed to the last stiver. Penury was no afficient plea for moderation when adrobbed to the last stiver. Penury was no sufficient plea for moderation when that stuff shall class to district as arranged and squandered. The more there was stoken, the more expertance on the demands of those in office. Poor as the war made the people, extravagance on the part of office-holders was only stimulated by this universal poverty. Rates of taxation were duplicated again and again, and every conseivable pretext was invoked for the imposition of additional burdons.
